\*If activation is required, specify one of the following:

Unlock meter, but leave water **OFF** in the meter box.

Unlock meter, and leave water **ON** in the meter box. Applicant authorizes the District to unlock and leave meter in the ON position, even if no one is present at the service location when meter is unlocked.

The following information is requested by the Federal Government in order to monitor compliance with Federal laws prohibiting discrimination against applicants seeking service. You are not required to furnish this information, but are encouraged to do so. This information will not be used in evaluating your application or to discriminate against you in any way. However, if you choose not to furnish it, we are required to note the race/national origin of individual applicants on the basis of visual observation or surname.

### Race/National Origin

WHITE  BLACK  AMERICAN INDIAN OR ALASKAN NATIVE  HISPANIC  ASIAN OR PACIFIC ISLANDER  OTHER  MALE  FEMALE

## TEMPORARY SERVICE POLICY FOR STANDARD CONNECTIONS

Temporary Service is a separate classification of water service made available for use other than typical continuous standard service for domestic needs. There can be no residency at the property. This interim designation is generally for low flow needs to accommodate construction or cleaning in preparation for occupancy and for testing water and utility facilities, plumbing fixtures, etc.

Usage may not exceed 1,000 gallons in a month. "Temporary" anticipates a short duration, six (6) months, with the objective of soon converting the account to "standard" service. After a six (6) month period, the applicant must apply for permanent service or request an extension not to exceed three (3) months. The applicant must call the District to disconnect or apply for permanent service. If 1,000 gallons in a month has been exceeded twice, the applicant must apply for permanent service or will be locked due to non-compliance with the temporary service policy. All service fees per District Service Policy will apply.

Certain hazards are more likely to occur in unoccupied structures. Risks such as theft of service, leakage, cross-connection, or water damage can become potentially catastrophic to responsible parties. Therefore, the District may disconnect temporary service at will and without notice to avoid liability.

Normal billing applies to temporary service accounts. Any outstanding balance due is readily transferable (without cost) to a permanent service account in the name of the undersigned and subject to the terms and conditions of the District Service Policy.

An activation fee of \$50 is required at the time of application.

**THE UNDERSIGNED ACKNOWLEDGES THEY UNDERSTAND THE TERMS AND CONDITIONS OF THIS AGREEMENT.**
