Prairielands to Participate in Pioneer Days

The Prairielands staff and the Water Education Trailer or "The WET" will participate onceagain at the Chisholm Trail Outdoor Museum Pioneer Days this year.

The all-day event for teachers and students is scheduled for Friday, November 17, 2017.

During last year's event, staff talked to teachers and

Students about aquifers and groundwater from schools all over the district as well as from other counties.

The free event continues through the weekend for the public and features presentations and demonstrations of crafts and activities from Johnson County's past as well as food and craft vendors.

Busses lined the entry to Pioneer Days in 2016.
